

## SEC Proposes Changes to Market Data Infrastructure

By [Annette L. Nazareth](#), [Jai R. Massari](#), [Gabriel D. Rosenberg](#), [Zachary J. Zweihorn](#), [Mark A. Sater](#) & [Tyler X. Senackerib](#) on April 2, 2020

POSTED IN [BROKER-DEALER](#), [PROPOSED RULE](#), [SEC](#)

The SEC recently proposed amendments to the current market data infrastructure to expand the content required to be published on the consolidated tape and decentralize the collection, consolidation, and dissemination of market data through the introduction of proposed competing consolidators and self-aggregators.

Please see our [client memorandum](#) for more details.
